

To Whom It May Concern:

I am pleased to write this letter of recommendation for Tim Worrell. I have had Tim in a number of my classes over her academic career here at ITT-Technical Institute. He is both a pleasure and an asset to have in the classroom. Tim has contributed to both the success of his own academic achievements, as well as helping his classmate reach their potential goals also.

Thanks to Tim, he has set many of standards in my classes. He has shown me that he can lead project teams, solve difficult problems, instruct others on how to utilize CAD practices (2-D, 3-D, Rivet, and AutoCAD Inventor), as well as work in a deadline driven field. Tim is also very reliable, and capable of meeting any and all deadlines. In closing, Tim is a pleasure to have in the classroom, and is committed to working hard to achieve success in anything he sets his mind too.

I am happy to recommend Tim Worrell!

Sincerely,

A handwritten signature in blue ink, reading "Charles Scandone, Jr.", written in a cursive style.

Charles Scandone, Jr.
Adj. Instructor ITT-Technical Institute
